## TERMS

---

- 1 **The gear is yours.** The Recording Club does not own it and has no claim on it.
  - 2 **We house it while you are a member.** It has a home here for as long as your membership runs.
  - 3 **Take it back whenever you want.** Pick up any piece, or all of it, at any time.
  - 4 **Members get to play it.** While it is at the club, Recording Club members have full use of it.
  - 5 **The club is not liable for it.** If it is lost, stolen, damaged, worn, or stops working, for any reason, that is not on the club. The gear is here at your own risk, and any insurance you want on it is yours to carry.
